About Real Patidar books

Real Patidar's mission is to organize the information on Satpanth religion, which is a Nizari Ismaili sect of Shia branch of Islam, and to make it universally accessible and useful. Real Patidar Books helps readers discover the material on Satpanth online while helping authors and researchers in their studies. You can know more by visiting <http://www.realpatidar.com>

IOR/F/4 Board's Collections (1620-1859)

Collection Area	British Library: India Office Records and Private Papers
Reference	IOR/F/4
Creation Date	1620-1859
Extent and Format	2736 volumes
Title	Board's Collections (1620-1859)

Scope and Content

These consist of copies of papers on a given subject extracted from the Proceedings of the Indian Governments [India, Bengal, Madras, Bombay etc.] and certain other East India Company Overseas Administrations (eg Penang, St Helena) together with copies of previous overseas correspondence. They were so called because they were used for information purposes by the Board of Control in London [Board of Commissioners for the Affairs of India] when reviewing the East India Company's draft overseas Dispatches, and the physical arrangement of the Collections follows the draft numbers and dates of these associated Dispatches [IOR/E/4]. The Collections relate to all the main departments or branches of Government except the Secret. They were first compiled in 1794 but the earliest surviving Collections relate to dispatches of season 1796/97. As might be expected there is always a time-gap between the dates of a particular Collection and the date of the associated Dispatch - in the earlier period this might be as much as 2 to 3 years - later the improvement in communications with India reduced the gap to about a year or less. Almost all the Political Collections (ie the Collections associated with Political Dispatches) have been preserved, and so may be considered to be a virtually complete duplicate of the Indian etc. Political Proceedings [IOR/P]. Collections associated with dispatches in other departments (Military, Public, Revenue etc.) were very heavily weeded circa 1860 and only a small proportion of them survive. The Collections relate to all the main departments or branches of Government except the Secret. The date range for most Board's Collections is a short span of years. Where the date range is longer, this generally means that there are one or two documents of an earlier date included in the Collection.

[p 7] Extract of Fort St George Public Consultations, dated 4th October 1803, instructing that the Company's Botanist and Naturalist should report the state of the Garden at Bangalore and the expense attending the care of it.

[pp 9-10] Letter from Dr Heyne, Company's Botanist and Naturalist, to Lord William Cavendish Bentinck, Governor & President in Council, Fort St George, dated 16 November 1803, reporting on the flourishing state of the Garden at Bangalore.

[pp 10-12] Minute by William Bentinck, dated 12 November 1803, suggesting that many beneficial purposes may result from Dr Heyne being permanently established in superintending and extending the cultivation of useful plants and culinary vegetables in the Garden at Bangalore, and proposing that Dr Heyne be instructed to report to Government the probability of success in attempting to introduce the cultivation of the bread fruit into Mysore. He also suggests that Dr Heyne could apply his mineralogical knowledge to the subject of gold sand, collected in the vicinity of Bangalore, and the mode of extracting it from the stones in which it is embedded.

[pp 13-15] Report by Dr Heyne, dated Bangalore 25th August 1804, reporting on the state of the garden under his care, stating that it had suffered due to drought, and requesting permission to purchase around 400 sheep to ensure a supply of manure for the Garden.

[pp 17-19] Extracts from Public letters from Fort St George, dated 23rd March 1804 and 16th October 1804, regarding Dr Heyne's report on the Botanical Garden at Bangalore.
